

Many years pass and the memories you, in your own world, out of reach and happiness. And these reflections remain but to them, be proud to find the same you, in your own world, out of reach and happiness. And these reflections remain but to them, be proud to find the same you, in your own world, out of reach and happiness.

Many years pass and the memories you, in your own world, out of earth and happiness. And those reflections remain but to them, the  
pride to this day, your own, in the world, in the world, in the world, in the world, in the world, in the world, in the world, in the world,  
in a world, in a world, in a world, in a world, in a world, in a world, in a world, in a world, in a world, in a world, in a world, in a world,  
in a world, in a world, in a world, in a world, in a world, in a world, in a world, in a world, in a world, in a world, in a world, in a world,

The way of Smart Living

In the sea of the mund  
you stand alone- a part  
of life in an otherwise  
everyday world. A vision of  
you, clad in our marvellous  
creations tells the story of  
an island surrounded by  
the vast and jealous  
oceans, ever trying to chip  
at your beauty... but fail-  
ing everytime. You stand  
unimpeded, untouched and  
unblemished.

In the sea of the mund...  
you stand alone- a paragon  
of life in an otherwise ev-

you, clad in our marvellous  
creations tells the story of  
an island surrounded by  
the vast and jealous  
oceans, ever trying to chip
