

Many years pass until he remembers you, in your own crafted act of earth and happens. A love affection cannot bear to rise, to ponder to reflect and determined to rejoice. Your love is magic & perfection, it opens the floodgates of memories waiting to awaken him & should do. Jadu at the same time he deserves, because the desire to see you is another and his burden.

In the sea of the mundane,
you stand alone- a part
of life in an otherwise ev-
eryday world. A vision of
you, clad in our marvellous
creations tells the story of
an island surrounded by
the vast and jealous
oceans, ever trying to chip
at your beauty...but fail-
ing everytime. You stand
unimpeded, untouched and
unblemished.
