

In the 19th century, the English merchants of the Indian subcontinent, in search of raw materials, not only brought the cotton gin to India but also introduced the power loom, which led to the development of the textile industry in India. The British government, in order to protect its interests, imposed a tariff on Indian textiles, which led to the decline of the Indian textile industry. The British government, in order to protect its interests, imposed a tariff on Indian textiles, which led to the decline of the Indian textile industry.
